

HELP WITH FINDING WORK

February 23, 2025

Dear Fathers,

Last month I stayed at the Monastery for a few nights. During my stay I spoke to the Fathers concerning my job situation, as I had been out of work since May 2024. Since that time, I had submitted applications and had been interviewed by several companies, oftentimes for positions that I was overqualified for, without being hired by anyone. Two days after my visit to the Monastery, I received a blessing from God. I was contacted and offered a job by one of the largest companies in the world, Ernst & Young. They contacted me; I did not contact them. They told me I can work from home and even sent me a new computer to use for my work. I believe through their prayers, this miracle happened.
